## **CO-OP**

Work alone or team up with a friend to earn your freedom, across both individual and co-op campaigns.

- Work together with a friend in 2 Player Local co-op
- Control both magnets independently to complete the co-op campaign alone

## **LEVEL EDITOR**

Create your very own levels with our built in level editor. The simple to learn editor gives you the freedom to express and share your creativity with the world via the Steam Workshop!

- Create levels using the built in Level Editor
- Steam Workshop integration - share levels with your friends!

---

Haven't played too much of it, but it's very well made from what I've experienced. Definitely worth the try, even if you don't have someone to play co-op with. Levels are easily navigatable but also provide a bit of a challenge. As a puzzle lover, I enjoy this a lot, I look forward to playing more from this team! :). Pros

- + Very addictive - frustrating and entertaining
- + Beautifully put-together
- + Well-programmed
- + Great visuals
- + Great voice acting (discount Cave Johnson <3 )
- + Brilliant music and SFX
- + Keeps you on your toes
- + Dat level editor, doe!

#### Cons

- Controls are a little counterintuitive at times
- Start cutscene is a bit glitchy
- Doesn't play so well on a sub-optimal computer - needs optimising
- The difficulty curve is pretty steep (not a con, just means the player has to learn quickly)

Overall, a fantastic, entertaining game which has clearly had a lot of time and effort put into it, and one I imagine I will play a heck of a lot more in the future,

My score: 7/10. Hard but fun!. [Rating 7:10]

An interesting puzzle platformer, where the central theme of magnetism is well-integrated and explored.

#### Pros:

- The concept of magnetism and co-operative play is exploited well.
- Some interesting puzzles with a consistently increasing difficulty level.

#### Cons:

- Precise platforming sections can be frustrating due to the lack of friction on some surfaces, especially on the later levels.
- Story doesn't really provide much of an incentive to complete all of the levels.
- Main menu isn't cohesive or intuitive.. Pros:
  - 80 levels of content (and maybe the community made ones). They are a mix of alot of jumping, perfectly timing events and well basically trying not to die.
  - Challenging puzzles. Each level feels unique so far.
  - Weird but amusing game mechanics. It gets some time to get used to it but the mechanics are logical and interesting to experiment with.
  - Cute characters.
  - Level editor. It has all the tools needed to put your ideas in one level.

#### Cons:

- Although there is some story implemented, the focus seems not to be on it.
- The controls feel a bit weird at the begining.
- I dont really understand how does one get cosmetic items and can you aim for a specific one.
